

Job Opening:

Full-Time Tenure-Track Faculty Position

in the Department of Management at Guilford Glazer Faculty of Business and Management

Ben-Gurion University of the Negev

RESEARCH EXPERTISE: INFORMATION SYSTEMS

The Department of Management at the Guilford Glazer Faculty of Business and Management (GGFBM), Ben-Gurion University of the Negev (BGU), is currently accepting applications for a full-time, tenure-track faculty position. Candidates with research expertise information systems will be considered. Applicants must hold a Ph.D. in one of the aforementioned fields or a related field, and should provide evidence of an outstanding research record or potential.

The Guilford Glazer Faculty of Business and Management (GGFBM) is known for its young and dynamic faculty, commitment to high-quality research in management, highly supportive academic environment, and a collegial atmosphere. In addition, the GGFBM seeks to provide students with a challenging learning environment focusing on developing advanced management skills and knowledge, as well as on educating students to be socially responsible and engaged citizens. Ben-Gurion University of the Negev is among the leading research universities in Israel and is an equal opportunity employer.

Typical job duties include research, teaching, supervising graduate students and service within the Department and the University. Teaching at Ben-Gurion University of the Negev is primarily in Hebrew. However, selected courses may be taught in English, and for promising non-Hebrew speaking candidates, teaching in English for the first two years is possible.

Qualified candidates should submit a letter of application, detailed curriculum vitae, a single page research statement outlining their current and future research agenda, and any other relevant materials to: Ms. Lusiana Sellam, Head of Administration, Department of Management at [MGTSec@som.bgu.ac.il](mailto:MGTSec@som.bgu.ac.il). Review of applications will begin on December 20, 2017 and continue until the position is filled.
