

Re: Open PhD Student Position in University of Amsterdam (Fully Funded)

==>Please post or forward to your students

==PhD in Information Technology Enabled Innovation==  
Full time vacancy number 08-5005

We are seeking an individual who is excited about engaging in multidisciplinary approaches to studying information and information technologies in a social context. Overall, the student is expected to conduct research on IT-enabled innovation leading to international journal publications and a PhD thesis.

==Requirements

- \* Master's degree in any discipline, but preferably with a social, organizational or technical orientation
- \* Interest (and preferably experience) in field research, including studies focusing on organizations
- \* Demonstrated mastery of both written and spoken English
- \* Conviction to complete the requirements toward a PhD degree within four years

==Stipend and Application Process

Please see <http://www.abs.uva.nl/abs/vacancies.cfm/65CD1EB4-1321-B0BE-A4E478923DC00AE6>

==Application Deadline

The closing date for applications is 30 May 2008.

==Further information

Contact Michel Avital (email: [im-phd@uva.nl](mailto:im-phd@uva.nl) phone: +31-20-525-5059) for further information about the vacancy. Preliminary inquiries indicating interest, motivation and qualification are highly encouraged.
